📄 Proposal for Multi-Level Portal Development

👤 Client Overview

PrifyPay is a digital financial service platform aiming to build a scalable **Multi-Level Portal System** for managing users, transactions, commissions, and services efficiently.

🎯 Project Objective

To develop a **robust multi-level portal system** inspired by platforms like **Finkeda (https://app.finkeda.com/)** and aligned with SLPE documentation standards.

The system will replicate and enhance features such as:

- Dashboard-based service access
- Multi-user hierarchy (Admin → Distributor → Retailer)
- Transaction management & reporting
- Wallet & payout systems

🧩 Scope of Work (Tasks)

1. 🏗️ Core System

- Secure Login (Username/Mobile + Password/OTP)
- Role-based Access Control
- Session & Token Management

---

2. 👥 Multi-Level User Structure

- Super Admin Panel
- Master Distributor
- Distributor
- Retailer/User
- Hierarchy & Commission Mapping

---

3. 💳 Services & Modules (As per Reference Portal)

- AEPS
- Money Transfer
- Recharge & Bill Payment
- Credit Card Bill Payment
- Payout

---

4. 💰 Wallet & Transaction System

- Main Wallet + Reserve Wallet
- Transaction Logs (Success / Failed / Pending)
- Commission Distribution
- UTR / Txn ID Tracking
- Receipt Generation

---

5. 📊 Dashboard & Reports

- Real-time Dashboard (Balance, Activity)
- CC Settlement / Payout Reports
- Date-wise / User-wise Filters
- Export (Excel / PDF)

---

7. ⚙️ Admin Controls

- User Management (Create / Block / Edit)
- Commission Setup
- API Configuration
- Service Enable/Disable
- Logs & Monitoring

---

8. 🎨 UI/UX (Based on Reference)

- Clean Dashboard UI (like Finkeda)
- Sidebar Navigation (Services + Reports)
- Mobile Responsive Design
- Fast & Lightweight Interface

---

9. 🔐 Security

- Data Encryption
- API Security
- Input Validation
- Role-level Restrictions

🛠️ Technology Stack

- Frontend: HTML, CSS, JavaScript
- Backend: PHP (Core / Laravel)
- Database: MySQL
- API Integration: Recharge / AEPS / Payment APIs

📦 Deliverables

- Complete Multi-Level Portal System
- Admin + All User Panels
- Basic Deployment Support

💰 Pricing

- **Total Cost:** ₹30,000
- **Payment Terms:**

  50% Advance (₹15,000)
  50% On Completion (₹15,000)
- Payment Details

  OFFERPLANT TECHNOLOGIES PRIVATE LIMITED
  Bank : State Bank of India
  IFSC : SBIN0000054
  Account No : 37215658849
  UPI : offerplant@upi

📅 Timeline

- **Start:** Immediate
- **Delivery:** 20 April 2026

🛠️ Support

- 7 Days Free Support (Bug Fixes)
- Future Enhancements → Chargeable
